

#### IN THE DRAWINGS

Please accept five replacement drawing sheets of amended Figures 1, 2A, 2B, 2C, 5, and 6, attached hereto.

Applicant has amended Figure 1 to correct the word "RESTEER" as --REPLAY-- in accordance with its usage in the detailed description and other figures.

Applicant has amended Figures 2A, 2B, and 2C striking the reference number 240 from the bus interface unit.

Applicant has further amended Figure 2A to correct the reference numbers "170(A)" and "170(B)" to --170(a)-- and --170(b)-- respectively, in order to be consistent with other figures and the detailed description.

Applicant has further amended Figure 2B by striking a reference line and adding new reference numbers 114 and 118 and corresponding reference lines pointing only to Figure 2B.

Applicant has further amended Figure 2B to correct the reference number "170(B)" to --170-- as there is only one replay unit in order to be consistent with other figures and the detailed description.

Applicant has further amended Figure 2C to correct the reference number "170(A)" to --170-- as there is only one replay unit in order to be consistent with other figures and the detailed description.

Applicant has amended Figure 5 to add a reference number 170 and a reference line pointing to the replay unit 170 in accordance with its usage in the detailed description.

Applicant has amended Figure 6 to add a reference number 600 in accordance with its usage in the detailed description of the processor 600.
